Butzel Adds Tariffs Roundup Page to Tariff and Trade Resource Center

Client Alert

8.1.2025

Butzel has launched a new Tariffs Roundup page to its Tariff and Trade Resource Center. The Tariffs Roundup is a go-to resource for basic information about all of the major tariff actions that are in effect or may be upcoming, consisting of tables that generally summarize:

1. The official tariff actions that are currently in effect or have already been taken,
2. Reciprocal tariff increases and adjustments effective August 7 on products from 66 countries and territories plus the European Union, and
3. Other potential and upcoming tariff developments.

The Tariffs Roundup reflects the flurry of trade announcements from July 30 and 31, including:

- The new reciprocal tariffs, which range from 10% to 41%;
- 50% Section 232 tariffs on semifinished copper products and copper-intensive derivative products effective August 1;
- A 35% IEEPA tariff on non-USMCA-compliant imports from Canada effective August 1;
- An additional 40% IEEPA tariff on imports from Brazil, which bring the total IEEPA tariffs on Brazil to 50%, effective August 6;
- Suspension of duty-free *de minimis* treatment for shipments of \$800 or less from all countries effective August 29; and
- Extension of the current tariffs on Mexico for 90 days.

The Tariffs Roundup will be updated as quickly and thoroughly as possible with future tariff developments.

The Butzel International Trade, Tariffs and Customs Specialty Team is available to assist in dealing with tariffs and related issues. Please visit our Tariff and Trade Resource Center for
