Estate Transfer Tax Planning

Butzel's estate and succession planning team considers each client's unique life circumstances when planning and developing an estate plan. We assist clients in minimizing income taxes, estate taxes, gift taxes, and generation-skipping transfer taxes.

Throughout the years, our team has formed and implemented estate transfer tax plans, and we have drafted revocable living trusts, life insurance trusts, generation-skipping and dynasty trusts, grantor retained annuity trusts, qualified personal residence trusts, intentionally defective income trusts, charitable remainder trusts, and charitable lead trusts. We have also created family limited partnerships, family limited liability companies, and private family foundations.

Our estate and succession planning attorneys regularly create and implement charitable plans, IRA/retirement plans, international estate plans, special needs plans, and matters regarding family offices.
