

SERVICES

Privacy, Data Breach & Data Security

In today's global economy and Internet-based society, data privacy and security is a major concern for corporations. Butzel has an experienced team that provides counsel to clients in a variety of business sectors with respect to the impact of global, federal and state regulations regarding data security, data breach, and data transfer. Our attorneys understand the challenges corporations face with the responsibilities of protecting data and all forms of information, and we place an emphasis on proactive solutions for the acquisition, aggregation, storage and transfer of data, including creating corporate policies and compliance protocols that are geared to support the risk management objectives of our clients.
