International Traffic in Arms Regulations (ITAR) Primer Updates

Sterling Heights, MI
4.23.2015

THURSDAY, APRIL 23, 2015

Noon until 1 p.m.

Lunch will be served, courtesy of Butzel Long.

Macomb-OU INCubator at Velocity Collaboration Center

6633 Eighteen Mile Road, Sterling Heights, Mich. 48314

Beth Gotthelf and **Bill Eshelman** of Butzel Long will present an overview of the current state U.S. Export Control Regulation now that a substantial number of Munitions List items have been transferred from the responsibility of the State Department to Commerce, pursuant to the current Export Control Reform (ECR) initiative.

This presentation is particularly timely as the ECR currently is in its latter stages of implementation, and any previous tensions that may have existed between the licensing regimes of the two Departments is becoming less frequent as a consequence.

Bill Eshelman is a Shareholder practicing in Butzel Long's Washington D.C. office. Mr. Eshelman's legal practice focuses on performance and cost accounting-related issues in government, construction and commercial contract litigation. He represents clients before the Boards of Contract Appeals, the Court of Federal Claims, the Court of Appeals for the Federal Circuit, various U.S. District Courts, state courts and administrative agencies on items such as proposal preparation; warranty issues; exercise of options; negotiation of contracts; and modifications involving defense, aerospace and postal contracting.
