The Cyber Pulse: Legal Safeguards for Health Care Providers

Webinar

10.28.2025 | 12:00pm – 1:00pm

In today's digital age, safeguarding patient data isn't just good practice—it's the law.

Whether you're a solo practitioner or part of a small medical group, understanding your responsibilities under HIPAA and state privacy laws are essential to protecting your patients and your business.

Butzel's Health Care Industry Team invites you to attend our complimentary webinar: ***The Cyber Pulse: Legal Safeguards for Health Care Providers***. This webinar will provide essential knowledge about issues impacting the operations of health care professionals in individual or smaller group practices, like dentists and family practitioners.

This informative 60-minute webinar features **Debra Geroux, Shareholder and Health Care Practice Co-Chair, Butzel**, and **Debi Carr, Cyber Security Consultant and CEO, DK Carr and Associates**. We'll break down the complexities of cybersecurity and compliance into actionable insights that you can implement right away.

What You'll Learn:

- HIPAA Primer for Small Practices: Get clear on what's required and how to stay compliant.
- Patient Privacy & Data Protection: Understand federal and state obligations—and how to meet them.
- Threat Actors Explained: Learn how cybercriminals target healthcare data and what you can do to stop them.
- Breach Reporting Protocols: Know exactly how to respond when a cyber incident occurs.
