EVENTS

The Law and Policy of Cybersecurity Symposium

2.5.2016

WHAT: This one-day Symposium will cover the critical legal and policy issues, challenges, and developments in cybersecurity.

WHO: Legal professionals, professionals who develop cybersecurity strategies and policies, and anyone who assists organizations in preparing for and responding to cyber incidents should attend.

WHY: Attendees will gain a comprehensive understanding of the legal and policy issues that they need to know when they represent clients, develop their organization's cyber strategy and policies, or respond to cyber incidents.
