The Flint & Genesee Chamber of Commerce invites you to their training "The Most Often and Repeated Labor and Employment Mistakes Employers Make."

Employers tend to get into trouble by falling into the same traps and making the same mistakes repeatedly, exposing them to serious potential risk. Often these mistakes are the result of failing to correct common misconceptions about employment laws. This training session will discuss some of those common mistakes and misconceptions in areas of wage and hour, discrimination, discipline, and recordkeeping, helping employers recognize, and avoid, claims and liability

There is no cost for this training, but registration is required.

This training will be held at Baker College in Room S128 of the Technology Building.
