## Butzel Long attorney Jennifer Dukarski featured during Ann Arbor Mobility Summit on September 23, 2020

8.31.2020

ANN ARBOR, Mich. – Jennifer Dukarski, Butzel Long attorney, shareholder and leader of the firm's connected car/autonomous vehicle working group, will be featured, leading a dialogue with Ed Olsen, CEO of May Mobility, exploring the strategies to build a resilient mobility future during a Q&A titled, "Fireside Chat: Behind the Scenes of Autonomous Vehicles," on Wednesday, September 23, 2020 during the third annual Ann Arbor Mobility Summit presented by Ann Arbor SPARK.

The theme for this year's virtual event is to focus on strategies to build resiliency within the mobility ecosystem in the context of supply chain, improving access, smart city, innovative partnerships, and more.

### **Jennifer Dukarski**

Dukarski focuses her practice at the intersection of technology and communications with an emphasis on emerging and disruptive issues: digital media and content, cybersecurity and privacy, infotainment and shared mobility, and connected and autonomous cars.

In her practice, she has assisted clients with defamation, invasion of privacy, copyright, and other content-based claims. She focuses on compliance with various industry regulations and has become a national leader in legal issues facing emerging automotive technology and is the leader of Butzel Long's connected car/autonomous vehicle working group.

A self-titled "recovering engineer," Dukarski was named one of the 30 Women Defining the Future of Technology in January 2020 by Warner Communications for her innovative thoughts and contributions to the tech industry.
