The Autonomous Patient: Southeast Michigan Entrepreneurs Driving Health Care III on March 20 in Livonia

2.27.2019

DETROIT, Mich. – Innovation is driving the business of health care in southeast Michigan and entrepreneurs need to know the latest developments to keep a competitive edge.

Butzel Long and The Road to Innovation Medical Mainstreet®, powered by Oakland County are co-presenting a half-day program titled, “The Autonomous Patient: Entrepreneurs Driving Health Care III©,” featuring leading area health care and business experts from 7:30 a.m. to 1 p.m. on **Wednesday, March 20, 2019** at Schoolcraft College’s VisTaTech Center, located at 18600 Haggerty Road in Livonia. The cost is \$50, which includes breakfast and lunch.

“We will discuss innovative ideas designed to meet the needs of the next generation of health care,” said Robert H. Schwartz, Co-Chair, Butzel Long’s Health Care Industry Group. “This program will offer the latest information designed specifically for health care entrepreneurs who need to know what are the latest factors driving health care so their ventures can serve the market.”

The seminar will address topics including:

- **Innovations in Medical Education**
- **Population Health**
- **Connecting the Patient to the Vehicle**
- **Bringing Ideas to Market**

Butzel Long attorneys from the firm’s Health Care Practice Group will be featured along with the following:

- Christine Johnson, PhD, Henry Ford Health System, Specialist in Cancer Research
