Butzel attorney featured during NAATBatt Lithium Battery Recycling Workshop on August 7, 2024 in Montreal

Firm News

6.5.2024

TROY, Mich. – Butzel attorney **Beth S. Gotthelf** will be a guest speaker during a NAATBatt Lithium Recycling Workshop on August 7, 2024 at Concordia University in Montreal, Canada. Her presentation is titled, “Overview of U.S. Regulation of Lithium Battery Recycling.” She will address regulations covering the recovery, transportation, and storage of battery waste. This overview will be the kickoff of a panel of senior U.S. and Canadian regulators talking about differing approaches to environmental and transportation regulations related to battery recycling on different sides of the border. Notably, Butzel is a NAATBatt member.

About Beth S. Gotthelf

Beth S. Gotthelf is a Shareholder based in Butzel’s Troy office. She is the firm’s Director of Innovation and External Relations, Co-Chair of the Energy & Sustainability Practice and Chair of the Aerospace & Defense Industry Team.

For more than a decade, Gotthelf has been active in the Aerospace and Defense industries, advising clients in the various legal issues including governmental contracting, ITAR, EAR, bids and bid protests, and Foreign Military Sales, to name a few.

Gotthelf brings a pragmatic and holistic approach to clients’ issues, by understanding her clients’ goals and assisting them in reaching them through a variety of tools. It is not unusual for her to assist in matchmaking clients’ needs, acting as an outside general counsel, or coming up with creative solutions.

She is Chair of the Michigan Manufacturers Association Environmental Policy Committee and National Association of Corporate Directors (NACD) Board Directorship Certified.
