Butzel Attorney Jennifer Dukarski Featured During CAR Management Briefing Seminars in September

Firm News

8.18.2025

DETROIT, Mich. – **Butzel** attorney **Jennifer Dukarski** will be a featured speaker during the **Center for Automotive Research CAR Management Briefing Seminars** (CAR MBS) on **Tuesday, September 16, 2025** at the Station at Michigan Central in Detroit.

Dukarski will be featured during a panel program titled, “Leading the Way: Securing U.S. Dominance in V2X.” Panelists will reveal how safeguarding connected vehicle networks today will give America the edge in setting standards, building trust, and outpacing global competitors.

Dukarski leads Butzel’s Connected and Autonomous Mobility Team. Her automotive experience as a former design engineer, Six Sigma master black belt, continuous improvement lead champion, and quality manager gives her a unique perspective on balancing the legal issues and business applications of emerging automotive technology.

Dukarski focuses her legal practice where technology, mobility and communications meet. A leader in the area of electrified, connected and automated vehicles, she negotiated some of the first robotaxi agreements in the world. A champion of the responsible use of AI, Dukarski regularly advises and teaches on AI risk mitigation. She was named one of the 30 Women Defining the Future of Technology by Warner Communications for her innovative thoughts and contributions to the tech industry.
