ANN ARBOR, Mich. – Jennifer Dukarski, Butzel attorney, shareholder and leader of the firm's Connected and Autonomous Mobility Team, will be a guest speaker during the Society of Automotive Analysts (SAA) 11<sup>th</sup> Annual Automotive Recalls Summit on Wednesday, April 24, 2024 in Livonia.

She will discuss recent failures in the transportation industry, the related civil penalties for evading regulatory compliance and what it takes for manufacturing organizations to identify and mitigate recall and compliance risks internally.

Dukarski focuses her practice at the intersection of technology and communications with an emphasis on emerging and disruptive issues: digital media and content, cybersecurity and privacy, infotainment and shared mobility, and connected and autonomous cars. Dukarski has become a national leader in legal issues facing emerging automotive technology including challenging intellectual property issues surrounding data, artificial intelligence and automated systems.

A self-titled "recovering engineer," Dukarski was named one of the 30 Women Defining the Future of Technology in January 2020 by Warner Communications for her innovative thoughts and contributions to the tech industry.

Dukarski is a graduate of the University of Detroit Mercy School of Law (J.D., *magna cum laude*, 2010). She also is a graduate of the University of Detroit Mercy College of Engineering and Science, (B.S., Mechanical Engineering, *summa cum laude*, 1996).
