Hinshaw Deal Maker Economic Forum

July 24, 2024
Chicago, Illinois

Hinshaw is excited to bring together a distinguished panel of business leaders for our annual Deal Maker Economic Forum on Wednesday, July 24, 2024. Co-sponsored by Hinshaw's Women's Affinity Network, the forum aims to provide a platform for founders, business leaders, executive officers, consultants, investors, and advisors to enhance their entrepreneurial drive and business acumen. Join us for a day of inspiration, connections, and camaraderie.

Our all-women panel will examine the mid-year market conditions, the business initiatives utilized by for-profit and not-for-profit executive officers in the current economic environment, and the opportunities and challenges business leaders anticipate having to address while operating and growing their businesses in the coming years.
