### Cathy Mulrow-Peattie to Speak at the University of San Diego's Cyber Law & Risk Symposium

November 7, 2024  
San Diego, California

New York-based partner Cathy Mulrow-Peattie will join a distinguished panel titled "9th Symphony: U.S. Cyber Laws & Regulations" at the University of San Diego's (USD) Cyber Law & Risk Symposium "Harmonizing Global Cyber Governance, Risk & Resilience" on November 7, 2024. The panel will explore key developments in U.S. cybersecurity laws and regulations in 2024, offering practical insights into evolving compliance challenges.

Biotech and financial services experts will discuss strategies for handling security incidents across various vendors and offer insights on mitigating supply chain risks. Topics include reporting obligations under SEC, CIRCIA, and NY-DFS, the increasing liability of CISOs and executives, and the impact of the Cybersecurity Maturity Model Certification (CMMC).
