**January 8, 2025**

Virtual Event

Chicago-based partner David Levitt will be presenting a virtual Continuing Legal Education (CLE) session titled "Defining Antisemitism & Why It Matters: A Structural Review" at the Jewish American Insurance & Legal Professionals Association (JINLAW) on January 8, 2025.

Antisemitism is on the rise globally, complicating efforts to combat it due to debates over its definition. To address this trend, a clear framework for identifying antisemitism and holding perpetrators accountable is needed. This virtual event aims to clarify these issues.
