Colleen Jarrott Presents on CCS at the 2025 Gulf Coast Land Institute

October 23, 2025

New Orleans, Louisiana

New Orleans-based partner Colleen Jarrott will speak on carbon capture and storage (CCS) at the American Association of Professional Landmen's (AAPL) 2025 Gulf Coast Land Institute on October 23, 2025, at The Roosevelt in New Orleans. Colleen will provide insights into Louisiana's evolving CCS landscape and its implications for land use and energy infrastructure. The two-day program brings together land professionals, attorneys, and energy leaders to discuss key legal and regulatory developments in Gulf Coast operations.
