Colleen Jarrott Explores CCUS Strategies for Heavy Industry at Annual Carbon Capture USA 2025

October 27, 2025
Houston, Texas

New Orleans-based partner Colleen Jarrott will serve as a panelist at the Fourth Annual Carbon Capture USA 2025 conference on “The Challenges and Benefits of Implementing CCUS in Heavy Industry Sectors,” taking place October 27, 2025, in Houston, Texas. The panel will discuss challenges and strategies for carbon capture, utilization, and storage (CCUS) in heavy industries compared to lower-cost emitters like ethanol. Key topics include technical, economic, and regulatory issues, such as CCS deployment, 45Q financing, legal challenges, and the role of industrial hubs in scaling CCUS.
