### How to Reduce Exposure on Workers' Compensation Claims: Hinshaw's Breakfast Series

October 4, 2016

8500 East State Street, Rockford, IL

**Register Today!** The Rockford office of Hinshaw & Culbertson LLP invites you to an informative series, [Hinshaw's Breakfast Seminar Series](#), focused on specific legal issues concerning estate planning, creditors' rights, workers' compensation, senior housing facilities, government law, leasing, environmental law and labor and employment law.

The program includes a half-hour of networking session over breakfast beginning at 8:00 a.m. at Rockford's Northern Illinois University Conference Center, before the educational hour of each session that runs from 8:30 a.m. - 9:30 a.m.

The third in our eight-part series will focus on how to reduce exposure on workers' compensation claims.

**Speaker:** [Renee Schroeder](#)

**Join us on October 4, 2016, for a brief overview of the Illinois Workers' Compensation Act and learn about easy and effective ways to hold down exposure on workers' compensation claims.** The Illinois Workers' Compensation Act is a statutory creation and while certain aspects of an employers' liabilities cannot be limited or avoided when an on the job injury occurs, there are ways to hold down the dollars paid out in workers' compensation claims. Attendees will take away easy and proven means of holding down exposures starting with the investigation of the claim all the way through trial or settlement.
