### Cybersecurity in the Workplace: How to Strengthen and Protect Your Business in an Era of Easy Computer System Access

**August 16, 2018**

Webinar

Hinshaw's Ambrose McCall and Ken Yeadon will team up to present the next program in our labor and employment web series designed to provide practical insights and best practices on some of the most challenging employment related issues facing companies today. Titled "Cybersecurity in the Workplace: How to Strengthen and Protect Your Business in an Era of Easy Computer System Access," the webinar will be held Thursday, August 16, 2018 from 12:00 – 1:00 p.m. Central. Business owners, in-house counsel, and HR and IT directors and their staff are all encouraged to attend.

This program will cover:

- Relevant laws that promote cybersecurity and protect businesses from hackers and bad actors
  - Case studies of businesses that have been victimized by (former) employees' cybercrimes
  - Practical policies, procedures and best practices that businesses can adopt to protect themselves from potential harm
-
