Hinshaw Launches "Operation #Together" to Help Healthcare Workers in the Fight Against COVID-19

June 23, 2020

As a firm, we have been inspired by the thousands of healthcare professionals who continue to put their lives on the line as frontline workers in the battle against the deadly COVID-19 pandemic. That's why Hinshaw was excited recently to conduct a firmwide fundraising campaign on behalf of these workers. Titled "Operation #Together," the campaign provided attorneys and staff with the opportunity to purchase a limited edition Hinshaw #Together baseball cap, with proceeds being donated to client OSF HealthCare's [Pandemic Response Fundraising Campaign](#).

Thanks to a very strong response by the Hinshaw community, we sold more than 300 baseball caps. The proceeds helped OSF HealthCare purchase PPE, supplies, and other necessities for frontline healthcare workers.
