Russ Klingaman Explores Legal Landscape of the Aerospace Industry at iCNS 2020

October 2, 2020

Hinshaw's Russ Klingaman presented at the virtual Integrated Communications, Navigation, and Surveillance (iCNS) Conference. The conference is widely recognized as the premier international aviation educational event addressing technology and policy advances in digital research, development, and implementation programs for the global aerospace community.

Titled "Big Data: The Legal Landscape for the Aerospace Industry," Klingaman's program addressed important legal issues including:

- Privacy and data protection
- Data sharing agreements
- Obligations and liabilities concerning data breaches
- Data ownership
- Data-related intellectual property

For more information on the event and Klingaman's presentation, [visit the iCNS website](#).
