Anthony Davis Authors Article on Advance Conflicts Waivers

July 22, 2013

Anthony E. Davis authored an article for the *New York Law Journal*. The article, titled "A Fresh Look at Advance Waivers," addresses the ongoing subject of advance conflicts waivers and the importance of the recent decision in *Galderma Laboratories v. Actavis Mid Atlantic*, 2013 WL 655053 (N.D.Tex.). Specifically that, for the first time, the court lays out a road map for how to create an advance waiver that has a realistic prospect of being enforced—at least against a sophisticated client—even over the client's subsequent change of heart.
