Rick Porter and Peggy Crane Author Environmental Law Compliance Chapter in Health Care ERM Handbook

January 24, 2017

Rick Porter and Peggy Crane authored and updated a chapter titled "Environmental Compliance in the Context of ERM," in the third edition of the book *Enterprise Risk Management for Health Care Entities*, published by the American Health Lawyers Association. The chapter—which covers the several environmental laws that impact health care facilities—provides a guide to establishing an environmental law management system and performing self audits as well as how to respond to inspections. It also includes a comprehensive chart on environmental document retention laws.
