at Puerto Rico's Department of State***

The Division of Corporations of the Puerto Rico Department of State (the "State Department") has informed the general public that, as of April 1, 2011, most corporate records held by the State Department will be temporarily unavailable while the records are converted to electronic format. The State Department expects to have such records publicly available on its website no later than June 1 of this year. During this period, the State Department anticipates that there will be some delays in the issuance of certified copies of records, such as articles of incorporation, and good standing certificates.
