@RCCBLAW**

What about your day-to-day work inspires you? Family law is challenging and highly emotional, but I am inspired by the profound impact that I can have on the lives of families and children.

What are some positive ways you support the community? I teach Law & Civics to 6th graders and judge high school mock trial competitions through the Montgomery County Bar Association. I volunteer on Election Day, mentor young lawyers and law students, and participate in charities supporting women, children and animals.

How would you describe the defining characteristics that have led to your success? My success has been built on relentless positivity and tenacity, learning from my failures, and overcoming obstacles, daily meditation and maintaining my network of lifelong relationships. Truly caring about my clients and using my instincts and judgment to develop creative strategies to achieve their goals defines my success.

Please share anything that is up next for you or your firm in terms of exciting news, etc. I'm grateful for RCCB's unwavering support of the Family Law Practice. Named one of the fastest-growing law firms in the region and 3-years ranked as a Top Workplace, RCCB marked its 10th anniversary and launched an award-winning website.

Outside of work, what can we find you doing? I am a passionate entrepreneur in the cannabis industry and member/ investor in a New Jersey cannabis dispensary.

Is there anything else you'd like to add? I encourage my team and mentees to never underestimate their abilities and build on their skills. Knowing someone believes in you can impact your drive. I strive to lead with honesty, respect and without ego.
