

→ Veterinary Health

Sheppard Mullin's Veterinary Health Practice brings together a diverse team of corporate, healthcare, and regulatory attorneys with comprehensive experience and knowledge of the veterinary health industry. The team is aimed at addressing the needs of the rapidly growing veterinary health industry by providing legal, consulting, and valuation services to veterinary professionals across the United States. Sheppard Mullin attorneys are intimately in tune with the ever-changing needs of the veterinary industry and are well equipped to offer guidance at all levels, from formation and capital structure, mergers and acquisitions, private equity matters and regulatory compliance needs to straightforward consulting and other legal challenges associated with the veterinary practice. Sheppard Mullin prides itself on being able to maximize growth opportunities for our clients and offers its clients a talented and knowledgeable group of attorneys that are well equipped to address any legal concerns or challenges that may be faced by our clients.
