Lun-Cong Dong is a patent agent in the Intellectual Property Practice Group in the firm's San Diego (Del Mar) office.

Areas of Practice

Lun-Cong possesses a blend of academic excellence and industrial savvy, with over a decade of experience in the areas of medicinal and organic chemistry.

Drawing on his extensive experience, Lun-Cong supports our clients by drafting and prosecuting patent applications, for major corporate and academic institutions seeking protection for their innovations. Prior to becoming a patent agent, he was involved in building classification schedules and reclassifying patents and patent application publications for the U.S. Patent and Trademark Office.

Lun-Cong's practice covers broadly chemistry, biochemistry, pharmaceutical science, polymer science, catalysts, molecular sieves, nanotechnology, analytical devices, and mechanical devices.

Practices
