

WARN Employer's Guide to California and Federal Mass Layoff and Plant Closing Rules - 7th Edition

2017

The Worker Adjustment and Retraining Notification Act (WARN) applies to virtually all employers throughout the country with 100 or more employees. The California rules in AB 2957 apply to covered establishments with 75 or more employees. The laws create advance notice rules that apply before a mass layoff or business closing can occur. This publication addresses notification obligations, exemptions, temporary projects, covered employers, sales of businesses, strikes and lockouts, employee notices, and enforcement provisions.
