

Mechanics' Liens, Construction Bonds and Stop Notices

Special Remedies in California

2012

This Manual will help you with the following:

- Evaluate the remedies appropriate for both private and public works
- Understand the important differences between mechanics' liens and stop notice remedies
- Comply with the strict deadlines and procedural requirements for asserting these remedies
- Develop methods of protesting against false or improper lien claims
- Comply with numerous prompt payment laws enacted in California
- Includes sample forms and timelines

The 2012 edition of this informative manual is now available for purchase. Please contact Michele Nelson for further information.
