We are experiencing a retail apocalypse and proactive compliance can be the difference between success and failure. You will take part in the behind-the-scenes decision-making, strategy, legal analysis at “ACC Corp.”, a fictitious company, in three critical areas of importance, ADA Compliance, FTC Endorsement and Testimonial Guidelines and Cybersecurity. After a general exposition, you will participate in interactive breakouts where panelists will drill down into practical takeaways and solutions. A social hour will offer an opportunity for networking and socializing.
