

Developing a Successful Global Risk Strategy Under New CMS and State Initiatives

Soundpath & GlobalMeet Webinar
06.20.2019

Taking global risk under the new federal and state regulatory regime - opportunity or impossibility? While the Centers for Medicare and Medicaid Services (CMS) recently announced new models for contracting under Medicare fee-for-service, states such as California and Texas are raising the compliance, financial and licensing bar in ways that may or may not intersect successfully with CMS initiatives. How should you think about global risk structures, operations and financial reserve requirements? We invite you to join Sheppard Mullin and COPE Health Solutions for a webinar discussion that will explore the opportunities available for global risk arrangements including market drivers, how to leverage regulations in your state, and the critical success factors.

Presented by

Eric Klein, *Partner, Healthcare Team Leader, Sheppard Mullin*

Allen Miller, *Principal and CEO, COPE Health Solutions*

Cindy Ehnes, *Former Director, California Department of Managed Health Care & Principal, COPE Health Solutions*
