

The Orange County Families Group of Sheppard Mullin

Sheppard Mullin Orange County
11.21.2019

The Orange County Families Group of Sheppard Mullin invites you to join us for a *parents night out networking reception and presentation on Kids and Technology: Parenting in a Digital Age by Stephanie M. Reich, PhD Associate Professor at the University of California, Irvine. If you've ever wondered how much screen-time is age-appropriate for your child, or questioned how to introduce and guide your child through social media use, you won't want to miss this event.

The OC Families Group serves as a resource for Sheppard Mullin attorneys, clients, and friends navigating the challenges and rewards of caregiving and professional life. It promotes professional networking and mentorship, educational programming, and fun memories. The OC Families Group provides attorneys and other professionals with opportunities to connect both personally and professionally while enjoying quality time with their families.

Presented By:

Stephanie M. Reich, PhD
Associate Professor, Education
University of California, Irvine

Stephanie studies how media and technology are used by children and families and the ways in which use can potentially enhance or hinder children's development. Her talk will connect developmental science to technology use, highlighting the important things for parents to consider for their children at different ages. She will provide suggestions for family rules, co-use, privacy, and early learning practices.
