Blockchain in Real Estate

Legal Challenges of Blockchain Technology in the Real Estate Sector
Virtual
09.09.2021 | 18:30 - 19:15 India time
Event Sponsor: Black Arrow

Blockchain technology has recently been adopted for use by the real estate industry. This technology can potentially transform core operations such as property transactions like purchase, sale, financing, leasing, and management transactions; and also be a useful tool in the construction process simplifying the supply chain and logistics processes.

Blackarrow's **BLOCKCHAIN in REAL ESTATE** online conference will showcase global blockchain and real estate experts sharing their expertise and hands-on knowledge to **global delegates** on topics such as:

- Blockchain in Real Estate - Opportunities & Benefits
- Enabling Efficient Processing of Financing & Payments
- Transparency in Property Title Management
- Reliable Connectivity Between Sellers & Buyers
- Tamper-proof Record Keeping & Contracts Management
- Tokenization of Real Estate, Experiences & Best Practices
- The New Era of Protocol Based Property Transactions
- Challenges of Using Blockchain in Real Estate
