Combined Keynote Session: Deals and Private Equity Investment Trends 2022

There is a lot of activity, but has the activity resulted in accomplishments? Our expert will give a past year industry and local California review of 'activity' and will speak directly about what organizations and investors are trying to accomplish. Our speaker will also highlight new disruptions that could have a material impact on how healthcare will be accessed in the future.

Combined Keynote Session: Health Care In the Digital Age

Disruption in health care can take many different forms but some things are clearly working and with the level of investment in healthcare at all-time highs, there are real opportunities to revolutionize the way we care for ourselves. Aytan will discuss his views on innovation and disruption in the health care industry, the trends he's seeing in the market and some of the pathways to success and potential roadblocks we may face as we continue to evolve our healthcare system in the U.S.

Presented By Aytan Dahukey, Partner in Sheppard Mullin's Corporate Practice Group and Leader of the Private Equity Team and Jill Gordon, Partner in Nixon Peabody's Health Care practice and a member of the firm's Management Committee.
