Real World Regulations in the Metaverse: What Do You Need to Prepare For?

Virtual

01.26.2022 | 12:20 PM - 12:50 PM PST

Everyone likes VR/AR to escape the real world, but you can't escape regulations when doing business in the metaverse. How do you monetize user experiences? What are the legal and taxation requirements we need to deal with? How do you account for inflation/deflation in a virtual economy? Leaders from venture capital, monetization, blockchain and cryptocurrency sectors will share some of their insights, predictions and what they're doing to prepare so game development can thrive in the metaverse.
