

NFT Tech Online Conference

02.11.2022

Partner Jim Gatto will be a panelist for the NFT Tech Online Conference on February 11th. He will be speaking on a panel titled: **Keeping NFTs Legal**.

One of the hottest technologies is blockchain and one of the hottest applications of blockchain is non-fungible tokens (NFTs). However, there many legal issues arise with NFTs. This session will address an array of legal issues that can arise with NFTs, including securities law, anti-money laundering, tax and other financial regulatory issues; unique considerations of patents, trademarks and other IP protection, monitoring and enforcement; NFT licensing; gambling and more.

Presented by:

- **Jim Gatto**, *Partner*, Sheppard Mullin
