

Food and Drug Law Institute: Food and Dietary Supplements Legislation, Regulation, and Litigation: Key Developments Over the Past Year

September 28-29, 2022

11:10 AM - 12:30 PM

Food Advertising, Labeling, and Litigation Conference: For the Food and Dietary Supplement Community

Why Attend?

Debate and public confusion abound about what manufacturers and retailers can and should say about the products we put into our bodies, often resulting in lengthy and time-consuming lawsuits or government actions. Join FDLI for this two-day conference to learn from and network with leading practitioners and thought leaders in the food and dietary supplement industries, law firms, consumer protection organizations, and regulatory agencies, all of whom will address the biggest issues and challenges in product advertising, labeling, and litigation.

Agenda
