

### Health Care Antitrust Hot Topics

10.13.2022

2:00 PM - 3:30 PM

American Health Law Association

In this webinar, expert practitioners from the public and private sector will give an update on emerging trends in antitrust litigation and enforcement in the health care industry. Our experts will discuss relevant recent litigation, as well as enforcement actions from the federal agencies and state Attorneys General. They will also discuss current antitrust policy initiatives from the agencies. Specific topics will include issues important to health law practitioners such as hospital merger litigation, labor market antitrust litigation, and other developments.
