With the worsening of the nation's drug addiction epidemic, healthcare practitioners and facilities are the gatekeepers tasked with safeguarding prescription controlled substances.

Join Lourdes Martinez and Jarrod Brodsky as they explore the ins and outs of an effective drug diversion program. Get practical advice on preventing, investigating, managing, and reporting diversion incidents.

This webinar will focus on the practical aspects for identifying the many ways diversion may occur, the latest government enforcement actions, some of the legal requirements for establishing effective controls, and recommendations for corrective actions.

Who Should Attend: Administrators, Compliance Officers, and In-house Counsel for Hospitals, Nursing Homes, Ambulatory Surgery Centers, Veterinary Practices, and Physician Practices that dispense controlled substances.

Presented By:

- **Lourdes Martinez**, *Partner*, Sheppard Mullin
