

## Climate Mobilization Act Series: The IRA Meets New York

01.24.2023

**9:30 AM - 11:30 AM**

The Inflation Reduction Act expedites New York State's climate transition to a clean, renewable economy with a historic investment in City and State green infrastructure. The IRA provides over \$369 billion in federal funding, offering a transformative vision for the building industry to improve their assets and meet climate goals.

Join BE-Ex and NRDC at the next Climate Mobilization Act Series event to learn how local building stakeholders can meet Local Law 97 compliance and capitalize on new value opportunities with federal funding.

A panel of policy experts will discuss the accelerating impact the Inflation Reduction Act has on New York's electrification and decarbonization goals.

### **Panelists:**

- Amit Kalra, Partner, Sheppard Mullin
- Sadie McKeown, President, Community Preservation Corporation (CPC)
- Alexis Saba, Associate, Sive, Paget & Riesel
- Esther Toporovsky, Executive Vice President, Housing Partnership; President, HP Sustainability Solutions
