

Compliance Congress for Specialty Products Conference

Boston Convention & Exhibition Center (BCEC), Boston, MA
September 19-21, 2023

Reunite with your community to overcome the unique risks and challenges associated with complex therapeutics. Bridge the gap between niche markets and industry standards to accelerate towards a solution catered exclusively for specialty pharmaceutical companies focused on rare, ultra-rare and orphan diseases.

Agenda

Exploring the Role of Independent and Specialty Pharmacies in Specialty Pharmaceuticals

September 20, 2023 (2:15 PM EST)

The relationship between a manufacturer and their pharmacies can often double as a partnership, as both parties are integral to one another. However, what does it mean for compliance when a pharmacy oversteps certain boundaries? Discover how compliance can appropriately engage with pharmacies in the marketplace in order to avoid issues such as co-promotion, and as a result, fraud, abuse or kickback.
