

17th AAI Annual Private Antitrust Enforcement Conference

A New Era of Cartelization? Algorithmic Antitrust and the Role of Artificial Intelligence

11.02.2023 | 9:45 AM

Event Sponsor: American Antitrust Institute

AI is playing a growing role in all areas of society, including gaming and protecting the markets. Private parties have brought class actions against companies like Realpage, and others, for allegedly orchestrating cartels through digital mechanisms. Antitrust enforcers are looking to AI to monitor and establish antitrust violations. This panel will discuss the future of AI and antitrust.

Speaker:

- Ann O'Brien, Partner, Sheppard Mullin
