The institute will feature outstanding panelists who deal with some of the most significant issues of our time. We will have a full program that includes several “ethics” and “skills” sessions to satisfy the CLE requirements of all state bars. The much-acclaimed panels of United States District Judges, general counsel of leading corporations, Directors of Enforcement of the Securities and Exchange Commission and the Commodity Futures Trading Commission, as well as senior representatives of the Department of Justice Criminal Division will all return. In addition, on Friday morning, distinguished speakers will explore the ethical issues and challenges that have confronted prosecutors and defense counsel in recent high-profile white collar crime cases.
