

Upheavals Ahead: Preparing your IP Department for Tectonic Shifts

PTAB Strategy Update

Crowne Plaza, Palo Alto, CA

05.08.2024 | 2:10-3:00 PM

There is a fundamental tension between IPRs, litigation and the Fintiv decision. When you go to trial, there is still a consideration for IPRs, which can lead to forum shopping. While litigation rates have declined overall, it is increasingly complex due to the various tools that can be used strategically in various scenarios. We will explore developments at the PTAB and share new strategies.

- What is the status of the potential reforms?
- What comments have been provided to the USPTO?
- What can companies expect over the next year?
- How can companies modify their PTAB strategy?
