

Project General Counsel

Sheppard Mullin

06.05.2024 | 12:00 PM – 8:00 PM

Join us for this year's Project GC event! This dynamic half-day program is specifically designed for in-house women lawyers looking to advance their careers and navigate the path to leadership positions within their organizations.

This program will weave together thought-provoking discussions, powerful insights, and interactive case studies to equip you with the tools needed to **amplify your impact**.

Explore Your Superpowers: Dive deep into what makes you extraordinary. Discover how to harness these innate abilities and channel them toward success.

Insightful Panel Dialogues: Immerse yourself in conversations with C-suite executives and seasoned General Counsel. Their perspectives will ignite your strategic vision and inspire you to command attention.

Master Strategic Visibility: Learn the art of shining a spotlight on your achievements. We'll guide you through showcasing your contributions effectively, ensuring that your brilliance doesn't go unnoticed.

Forge Connections: Connect with fellow women lawyers, creating a robust support network that empowers, uplifts, and propels you forward.

The program will kick off with an interactive lunch and conclude with a networking reception featuring cocktails and dinner. The dinner will be followed by Jennifer Butler's Living Colors Program, designed to help you find the unique color harmonies that give you the greatest psychological advantage and the secrets to a magnetic personal style.

Don't miss this opportunity to invest in your professional growth and connect with other great women!
