Castle Publications is pleased to announce that the upcoming seminar series will be presented in person as well as via a live broadcast. Attendees at Castle's programs will see and hear Attorney Richard J. Simmons, one of the nation's most highly sought-after speakers and authors on employment law. Showcasing his energetic presentation style, Mr. Simmons will present the upcoming series while featuring his invaluable Manuals as the program texts for each of the three seminars.

Each of the programs is designed to provide a meaningful examination of the **state and federal laws** in their respective areas, as well as many practical concerns. Particular attention will be devoted to areas of frequent concern to California employers and common pitfalls that have resulted in significant employer liabilities. The programs are intended to show employers **HOW TO** avoid, limit, and eliminate liabilities. Along with the extensive course materials (provided to all registrants), the programs will enable employers to understand what the laws require and how to comply.

The Wage and Hour Laws Program will address the California and federal wage and hour laws, including changes and developments in the field. It is a unique one-day seminar that employers, HR officials, controllers, attorneys, payroll professionals, accountants, consultants and supervisors attend each year. This year attendees will receive a copy of the **New 2024 WAGE AND HOUR MANUAL FOR CALIFORNIA EMPLOYERS** by Attorney Richard J. Simmons (**over 1,060 pages**). The book is absolutely the best resource on the topic, has been cited by courts and the enforcement agencies as an authoritative text, and is widely recognized as the leading text in its field.

Among the many subjects that will be discussed in the program are the following:

- DOL's new independent contractor rule
- Expanded paid sick leave benefits
- Private Attorneys General Act (PAGA) and the rising trends in Class Action Lawsuits
- Time rounding issues and cases
- New minimum wages for fast food and healthcare workers
