Construction Issues Impacting the Energy Industry - A Webinar Series

Zoom Webinar

09.18.2024 | See below for details on each webinar

In the dynamic landscape of the renewable energy sector, understanding the intricacies of payment and performance bonds, mechanic's liens, and dispute resolution may be pivotal to your project's success. Join us for a two-part webinar series to learn how to mitigate construction risks and safeguard your projects.

Why Attend?

- Expert Insights: Gain valuable knowledge from industry experts with extensive experience in construction law and the renewable energy sector.
- Practical Strategies: Learn practical strategies for negotiating contracts and resolving disputes, tailored specifically to the construction issues that arise in the energy industry.
- Interactive Q&A: Engage with our speakers through live Q&A sessions, allowing you to seek advice on specific challenges you face.

Who Should Attend?

This series is designed for project owners, managers, developers, and anyone involved in the renewable energy industry seeking to enhance their understanding of construction-related legal issues.

WEBINAR 1 | Construction Contracts: Bond and Mechanic's Lien Primer for Energy Projects

Date: Wednesday, July 24, 2024

Time: 11:00 a.m. - 12:00 p.m. PT / 1:00 p.m. - 2:00 p.m. CT / 2:00 p.m. - 3:00 p.m. ET

Dive into the critical components of construction contracts with a focus on payment and performance bonds and mechanic's liens. This session will guide you through key considerations in negotiating these topics, highlighting their implications for your projects and how to navigate them effectively.
