### Driving Net Zero Through Legal Frameworks: Help or Hindrance for Carbon Markets?

09.24.2024 | 11:30 AM - 12:30 PM

The discussion will explore the evolution of legal frameworks, including the SEC Climate Rule, the EU's corporate reporting laws, and various laws in California, and examine whether these frameworks facilitate or hinder the flow of finance to carbon market projects. Participants will consider how legal developments impact investment, market confidence, and the achievement of carbon reduction goals.
