

Navigating Compliance for Hydrogen Developers: Insights on the 45V Final Rule and Executive Orders

Webinar

02.27.2025 | 9:00-10:30 AM PT

Event Sponsor: Green Hydrogen Coalition

With the Department of Treasury and Energy releasing the 45V Final Rule, GREET 45ZCF, and new Executive Orders from President Trump, the hydrogen industry has a lot to process. Being able to prepare for the major changes requires understanding how entities can comply with 45V Final Rule and the latest executive orders.

GHC is proud to offer this webinar, bringing together a distinguished panel of experts to address common challenges, discuss practical solutions, and provide actionable insights to navigate these uncertain times and an ever-changing regulatory landscape.

Speakers:

- Julie Marion, Partner, Tax Practice Group, Sheppard Mullin
- Paul Browning, Board of Directors, GHC
- Michael Walton, General Manager, Energy Transition Finance
- Tim Kamermayer, Director, Policy & Regulatory Affairs, GHC
