

Enhanced ICE Enforcement and the Impact on Multifamily

Webinar

10.21.2025 | 9:30-11:30 AM CDT

The Trump Administration, via Immigration and Customs Enforcement (ICE) under the Department of Homeland Security (DHS), has begun heightened immigration enforcement activities, including operations at rental housing communities. The recent bill passed by Congress increased the annual budget of Immigration and Customs Enforcement from about \$8 billion to roughly \$28 billion, making it the highest funded law enforcement agency in the federal government. Property managers across the country are expressing increased concern about interactions with law enforcement, particularly Immigration and Customs Enforcement (ICE).

This program will cover general information on how to interact with ICE agents if they show up at your property, including the distinction between criminal and civil/immigration warrants, a decision tree to guide your actions and answers to some frequently asked questions.
